Graduate Opportunities in Insurance

Allianz Insurance plc

Allianz 

We do graduate careers differently here at Allianz. How? Why? Because our graduate schemes have been designed with you and your career needs front of mind. Today, Allianz is a global leader in insurance and financial services, with more than 150,000 people working in more than 70 countries serving over 75 million customers. We're one of the world's top five asset managers too. All of which means that we have an incredible diversity of opportunity. There's actuarial work or underwriting. There's sales and marketing, IT or HR. Plus corporate management and claims. But whichever area you join us in, you'll be challenged, inspired, pushed, develop, rewarded and appreciated.
